Clear Water Application Guide

STEP 1

Nb

POUR IT

Ready to use concentrate.

Add Nature's Blue™. Repeat every 4–8 weeks, or as needed. No temperature restrictions.

STEP 2

Ad

SPRAY IT

Use the Airmax® Specialty Pond Sprayer.

Do you have algae? Yes: Treat with Algae Defense®. Water temperatures must be above 50° F. Wait 72 hours before continuing with Step 3. **No:** Go to Step 3.

Don't have Algae Defense®? Skip to step 3.

STEP 3

Pc

TOSS IT

Pre-measured Water Soluble Packets (WSP).

Eb

MIX IT

Mix with pond water in a 5 gallon bucket.

Ma

THROW IT

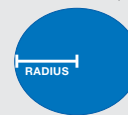

Precision pellets for maximum distribution.

Add PondClear™, EcoBoost™ and MuckAway™** together every 2 weeks when water temperatures are above 50°F.

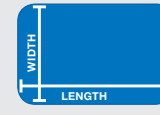

*Algae Defense® not available in AK, CA, CT, HI, ME, NJ, NY, WA and Canada
**MuckAway™ available only in the ClearPAC® PLUS.

Dosage Guide: INSTRUCTIONS

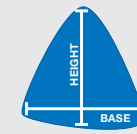

Surface Acre = 43,560 sq. ft.

$$\text{CIRCLE} \quad 3.14 \times \text{Radius} \times \text{Radius} = \frac{\text{SURFACE}}{43,560} = \text{ACRES}$$

$$\text{SQUARE/RECTANGLE} \quad \text{Length} \times \text{Width} = \frac{\text{SURFACE}}{43,560} = \text{ACRES}$$

$$\text{TRIANGLE} \quad 0.5 \times \text{Height} \times \text{Base} = \frac{\text{SURFACE}}{43,560} = \text{ACRES}$$

Nb

Nature's Blue™

QUICK DOSAGE CHART

Pond Size (surface acres)	Application
Up to ¼	¼ to ½ Quart
Up to ½	½ to ¾ Quart
Up to ¾	¾ to 1 Quart
Up to 1	1 to 2 Quarts

Ad
