- **Low voltage design for safe handling and lower energy costs.**

Product Name	Super Bright White Single LED Pod Light
Model #	LED112T
Rated Voltage	INPUT:          OUTPUT:
Consumption Power	3.2 Watts
Light Head Dimension	Diameter 2.25" x Height 3"
Cable Length	

### **Caution:**

- (1) If used with a different transformer than what is included please make sure it has the proper voltage rating.
- (2) The transformer can get hot! Please be sure not to cover and is in a location where it can receive sufficient air circulation.

### **Operation:**

1. Place the light in your pond, water feature or attach the garden stake and place in your garden in the direction you would like to illuminate.
2. Connect the cable to the transformer: Plug the male connector pin into the female connector on the transformer; turn the locknut clockwise until tight.
3. Plug the transformer into a standard 110 Volt outlet and enjoy your new light.

### **Useful information:**
