

PortaPump™

Manufactured by

No Electricity Needed

No Priming Necessary

Four Stroke Lightweight PortaPump™

For Pumping Waste Water with Ease from Footings, Trenches, Pits and Foundations.

Portable Power

The PortaPump™ provides the solution to pumping wastewater with an easy to use portable unit. There is no need for electricity supply or separate pump units. The Honda four-stroke motor provides hassle free operation and in comparison to a two-stroke motor uses less fuel, has reduced engine emissions and there's no need for mixed fuel.

Lightweight

The unit is light and balanced and is fitted with an adjustable handle and carry strap for user comfort and complete control.

Easy to Use

With a convenient on/off switch and throttle control built into the handle.

Reputation for Quality

Flextool pumps are manufactured in Australia (over 25,000 in use!). Exclusively distributed in the USA by PumpBiz. Patented world wide.
