

Instructions for Pond Vacuum

Features

- 2.5 HP double stage motor enables greater suction power
- Safe and simple to handle, ideal for large or small ponds
- Removes dirt particles up to $\frac{3}{8}$ " such as algae, string algae, sludge, dead vegetation and pieces of leaves from the pond.
- Sludge is drawn through one of the four suction nozzles into the container
- When full the vacuum will automatically shut off and the discharge hose will open to drain sludge and water, it will start up automatically when empty to run the cycle again
- Vacuum also operates with hand held remote control (included) which allows you to turn the vacuum on and off as needed
- Discharge sludge can be used as fertilizer for gardens, any coarse debris will be caught by the debris bag (included) at the end of the discharge hose
- Tank capacity is 9.5 gallons
- Included with vacuum: vacuum tube extensions, debris collection bag, four nozzles, tool bag, 6' discharge hose, 15' suction hose, 15' power cord

Specifications

Voltage.....110v/60hz

Power Consumption 1400w

Length of Suction Hose..... 15'

Priming Time25 seconds

Discharge Time.....40 seconds

Caution

This unit must be plugged into a properly grounded GFCI (ground fault circuit interrupter) 120v outlet. For safety, the pond vacuum should be placed a minimum of 7' from the edge of the pond. This product is not intended for use in swimming pools. During initial startup it will take approximately one minute for the vacuum to complete it's settings and begin working. Front wheels are equipped with brakes for additional safety.

Warranty

- This product is warranted against any mechanical or material defects for a period of one year from the date of purchase.
- This warranty does not cover accidental damage to the product due to abuse or negligence by the consumer.
- In the event of a warranty claim, please call our toll free number for an RMA number (800-448-3873). Return the vacuum postage prepaid with the original purchase receipt for repair or exchange. No warranty claims will be honored without the original receipt. Please write RMA number on outside of box and include in box with paperwork.
- The manufacturer or supplier shall not be held liable for any damages caused by defective components or materials of this vacuum; for loss incurred because of interruption of service; or any other consequential/incidental damages and expenses arising from the production, sale, use or misuse of this product.
- The manufacturer or supplier shall not be held liable for any loss of fish, plants or any other livestock as a result of any failure or defect of this product.
