Total 440 oz

Total 27.50 lbs

- 1) Determine the number of each size, in inches, of fish in your pond, eg. 4, 24" fish and 2, 16" fish
- 2) Enter this information in the "Pond Fish Weight Estimator" section
- 3) Note the amount of MedFinn you need for the 10 day treatment and per day
- 4) Ensure you feed the total amount of food needed per day

Pounds of Medicated Food Needed per Pound of Fish Treated 0.15 lbs

Pounds of Medicated Food Needed to Treat YOUR Fish 4.13 lbs For a 10 Day Treatment

From Above Weight Estimate

You need to Feed YOUR Fish 0.41 lbs Of Medicated Food EACH Day for 10 Days
